Stay informed, visit the [Nantucket Health Department](#) webpage.

Nantucket Cottage Hospital is making the medical care you need this summer accessible, convenient, and most of all, **safe** by implementing the following plan for non-emergency care.

Same-Day Appointments

Patients with common conditions and ailments that are non-life-threatening should call **508-825-1000** to schedule a same-day medical appointment. Staff will determine whether patients should be seen through a virtual visit or whether an in-person appointment is necessary. To keep patients and staff safe by reducing the number of individuals in our

waiting area, NCH is **not offering the walk-in care service** this summer. Please do not arrive without calling ahead for a same-day appointment. Patients with same-day appointments will be seen at the physicians practice inside the main hospital, not at the Anderson Building. **The entrance to the physicians practice is now open.**

Hours of Operation for Same-Day Appointments:

Monday – Friday: 7 a.m. to 5 p.m.

Saturday – Sunday: 8 a.m. to 12 p.m.
